Part # ZED-S

Hand operated lever drum pump with all steel body.

Features

- ❖ Professional Grade Construction
- ❖ High Flow Output
- ❖ Fits a variety of barrel types
- ❖ Comfort Grip Handle
- ❖ For 15 to 55 gal drums
- ❖ Threaded Spout
- ❖ 1-gallon per 9 strokes delivery rate
- ❖ Non drip tip

This hand operated lever drum pump was designed with professionals in mind and dispenses at a rate of 1 gallon per 9 strokes or 1/2 a quart per stroke. With a max fluid viscosity of 40 wt., this drum pump is designed to thread onto a 2" bung opening of a 15-55 gallon drum. This lever action drum pump features 3 different locking positions for a more precise fluid delivery. The professional grade construction includes a steel pump head with a steel powder coated body.
